For quite some time now I have had the pleasure of performing live with Ravi and Matthew. We have been interconnected as a family since they were very young. Matthew is my godson and had spent several years living with my family during his teenage years, and Ravi I have known since he was a child, so he feels like my son. I was very close to their parents. We are connected at a very high and extremely personal level that I believe comes through in the music. I have the greatest respect for them and am grateful that they continue to want to collaborate with me after all these years. We are on a journey and in movement at all times.

I would like to thank Manfred, Sarah, Tina and the Munich ECM office for their continued support of releasing my music on ECM. Anna Sala and Fortuna Sung for their cooperation. Dave Love and Daniel Florestano for their continued guidance and creation of opportunities for me. Their strategic partners and the good people at International Music Network, Saudades, 3D Family and my management company Montuno. My daughters Farah and Minya and son-in-law Ben for their continued faith in me. To my lovely wife Lydia, my life partner and best friend – for all of your support.
