*\*Astro del cielo* is an arrangement of a *solfeccio* that Giacomo Puccini composed in 1893. There is a long tradition of fitting lyrics to songs like this, to suit specific occasions and sentiments. Puccini scholar Michael Kaye reworked some of the harmonic indications provided with the original melody and developed it in collaboration with conductor Eugene Kohn, and their arrangement was wedded to Italian Christmas lyrics.

I would like to dedicate this album  
in loving memory of my sister  
María José Domingo de Fernández.

**Songs**

Plácido Domingo's first pop album in over twenty years is a personal collection of some of the world's most popular melodies.

**Verdi**

For the first time the world-renowned tenor has recorded an album of baritone arias – an exceptional document of Domingo's discovery of opera characters new to him, and a tribute to Verdi, who has played a crucial role in his long career.

**Latin Album Collection**

*8 Album Limited Edition*

Three-time Latin Grammy winner Plácido Domingo with popular songs and ballads. Contains Grammy winning albums *Siempre en mi corazón* and *100 years of mariachi*.

**Encanto del Mar**

A magical world far away from the dramatic opera stage. Domingo delicately melds music from several Mediterranean cultures and creates a unique atmosphere of warmth and joy, presenting such songs as *Estate*, *Mediterráneo* and Rodrigo's *Aranjuez*.
